
Title: What the Virtues Mean To Me

Author: Samuel

Some feel the virtues
are only a way to make
oneself look better to
others, but to me they
mean more. The
virtues are a way of
life, a true way to
express the way one
feels and acts. If you
have no virtues, than you
might as well have no
soul. Especially for a
paladin, a holy warrior,
virtues are important.
To the evil we express
ourselves with the sword,
but to our fellow man,
we must express
ourselves with our
soul and as i said
earlier, without
virtues, there is no
soul.
